A YEAR OF GRATITUDE

The Clubhouse Network's 2020 Annual Report

Dear Friends,

2020 was a year of challenge but also resilience for The Clubhouse Network. In spite of the global COVID-19 pandemic and its devastating impact on Clubhouse communities, we are confident The Network will emerge stronger than before.

Thanks to the leadership of our community-based organizations, Clubhouses around the world rose to the challenge of the COVID crisis – from setting up food pantries and 3D-printing supplies for front-line workers, to opening their doors for extended hours and being there for young people during uncertain and difficult times.

Clubhouses also supported youth through the racial trauma and reckoning taking place around the U.S. and the world, amplifying creative youth expression and encouraging community efforts to bring about systemic change.

In 2020, Best Buy supported the ongoing expansion of the Network to help us reach 110 Clubhouses serving youth in 21 countries. A new \$2.0 million grant from the U.S. Department of Justice will strengthen mentoring relationships, including cultivating a culture of trauma-informed care when it is needed more than ever.

We've been able to accomplish all these things thanks to the many donors, community partners, Board members, volunteers, families, and staff who sustain our mission. With your ongoing support, The Clubhouse Network will continue to empower young people to create a future that's strong and bright.

Thank you again for your support.

“

“You hear youth say, ‘wait a minute, are you kidding me? This is stuff you have us doing at the Clubhouse all the time! I do have years of experience in this!’”

Once a Clubhouse member, Terrance David is now the Coordinator at his Clubhouse. He especially enjoys when youth realize they're gaining marketable, professional skills at the Clubhouse.

KLARE SHAW
Liberty Mutual Foundation

“

“What comes to mind when I think of the Clubhouse? Innovation. Support. Warmth. Creativity. And Future!”

Klare Shaw has been a long-time supporter of the Clubhouse throughout her career in corporate philanthropy, including in her current role as National Director of Programs at Liberty Mutual Foundation.

FELIPE CRUZ SALINAS
Microsoft

“

“We learned so much at the Clubhouse and were able to teach each other. It was a real bonding opportunity.”

Felipe was a long-time member of the Clubhouse in Bogotá, Colombia and now works for Microsoft as a software engineer.

Our Impact

THE CLUBHOUSE MISSION

The Clubhouse mission is to provide a creative and safe out-of-school learning environment where young people from underserved communities work with adult mentors to explore their own ideas, develop new skills, and build confidence in themselves through the use of technology. In support of that mission, The Clubhouse Network supports community-based Clubhouses around the world by providing start-up support, professional development, new technology innovations, evaluation and assessment, partnership opportunities, and access to an online community for youth, mentors, and staff.
